

DEMOCRATIC STATE CAMPAIGN OPENING

Campaign Will Be Opened October 6 at Landers Opera House, Springfield

Springfield has been selected by the Democratic State Committee as a place for opening the State Campaign which will be held October 6. The Committee has spared no pains to make this meeting a resounding success, and has secured as speakers the Hon. Chas. A. Towne, Congressman of New York, Governor Dunne of Illinois and Governor Major of Missouri.

The Landers Theatre has been engaged for the meeting and is now being decorated by the Green County Democratic Committee for the occasion. A splendid brass band has been engaged.

Hon. Chas. A. Towne will be the speaker at the afternoon meeting and will discuss, in his able and forceful manner, the National Issues.

Governor Major will speak at the evening meeting on the State issues and will tell what has been accomplished in Missouri under the Democratic Administration.

Governor Dunne of Illinois will also speak at the evening meeting and will discuss national issues and particularly will discuss the benefits derived by the middle western states from the policies and legislation enacted under the Wilson Administration.

OZARK BRIEFS

Most of the sick folks in this part are getting better. We are hoping that this epidemic will soon be ended.

Mrs. Lowery, of Purdy, is visiting her daughter, Mrs. W. A. Smith and family.

Cecil Medlin came home from Monett where he had been working, Sunday. He was ill and feared he was taking typhoid fever. He went to the Frisco hospital Monday.

Elzy Smith, who has been very low with typhoid, is thought to be improving at this writing.

Mr. and Mrs. S. A. Davis and children and Mrs. Etta Rumbaugh visited at A. H. Roller's Sunday.

News is scarce this week. There are so many sick people that it keeps the well ones busy taking care of them.

VIOLET.

RADKEY—DUNAPHANT.

Miss Grace Dunaphant, of Monett and Peter Radkey, of Pierce City, were married in Pierce City Wednesday morning at 8:30 o'clock.

The young people motored to Pierce City and were accompanied by the bride's mother and two sisters. After the ceremony they returned to Monett and a wedding dinner was served at the home of the bride's parents. They will leave this evening for a short visit in Kansas City, after which they will make their home on the groom's farm south of Pierce City.

Mrs. Radkey is the eldest daughter of Mr. and Mrs. D. G. Dunaphant and is an excellent young lady.

SUNDAY SCHOOL RALLY

A membership rally will be held at the M. E. Church Friday evening, to which all the members have received invitations. A good program has been prepared and refreshments will be served during the evening. A similar meeting was held last year and was very beneficial to those attending. They expect to make it an annual event.

A FULL SCHOOL.

New pupils are daily entering the Monett school. Many of these are children of the postal employees who have recently come to town. In the Central school there are now enrolled 410 pupils, with eight teachers.

GOOD RESULTS FROM ANTI-HOG CHOLERA SERUM

Treatment Given by Demonstration Agents in the South Cutting Down the Loss from This Disease.

Washington, D. C., Sept. 28.—The treatment of hogs exposed to the risk of contagion from hog cholera with anti-hog cholera serum has saved all but 2.27 per cent in the Southern States, according to reports received by the U. S. Department of Agriculture from local agents engaged in demonstration work in this section.

These reports show that the county agents inoculated, in the year ending June 30, 1914, a total of 34,636 hogs that were in good health at the time, but were exposed to the disease. Of this number only 787 died. This loss of 2.27 per cent is regarded as highly gratifying evidence of the value of the preventive treatment with anti-hog cholera serum.

Although many authorities do not recommend this treatment after the hog is so sick that signs of the disease are plainly visible, the agents in many cases took a "fighting chance". The results would seem, on the whole, to have been very satisfactory. Including sick and well animals, a grand total of 41,974 hogs exposed to the disease received the serum. Of these, 3,004 died, a percentage of loss of 7.15.

In considering these figures, scientists point out that the work was done under ordinary farm conditions, and not by trained experts in laboratories. In addition, a very large number of hogs were inoculated by veterinarians or by farmers themselves. In these cases no figures are available to show the exact results of the treatment.

Department experts also point out, however, that inoculation alone is not sufficient and does not remove the necessity for sanitary and other precautions; for example, hogs should be fed for a few days after the treatment on cooling laxative foods. They should be removed to uninfected and clean pens where there is plenty of shade, and care should be taken to free them from lice and worms. Since many hogs are worm infested, the following formula, which has been used by local agents throughout the South with considerable success, is suggested by the Kentucky Experiment Station:

Santonin	2½ grains
Areca nut	1 dram
Calomel	1 grain
Sodium carbonate	1 dram

This is a sufficient quantity for each 100 pounds of live weight. The dose should be given in slop in the evening, after the hogs have been without food for from 12 to 24 hours. The following morning each hog should receive a tablespoonful of Epsom Salts.

MRS. GRISSOM DEAD

Mrs. Leah Grissom, wife of John Grissom, died Tuesday afternoon at their home four miles northeast of Monett. Heart trouble, from which she had suffered for a number of years, caused her death.

Funeral services were held Wednesday afternoon and interment made in Peirce City cemetery.

GOVERNMENT DEPOSITS FUNDS

Washington, Sept. 29.—The treasury department has deposited \$13,029,746 in twenty-three states for fall crop moving purposes to September 28, according to an announcement to night by Secretary McAdoo. Of this sum Missouri has taken the largest amount, \$1,550,000, with Maryland second, \$1,450,000.

Emory Smith visited his brother, Bert Smith, near Purdy, Wednesday.

BOSTON WINS GAME THAT CINCHES FLAG

Victory Over Cubs and Giants Loss to Pirates Closes Race

Boston, Sept. 29.—Boston won the game that cinched the National league pennant today, nailing the Cubs out 3 to 2. Cheney pitched good ball against the Braves, allowing but three hits, while Hughes allowed the Cubs to collect five blows.

The score: R H E
Chicago..... 2 5 0
Boston..... 3 3 2
Batteries—Cheney and Archer; Hughes and Whaling, Gowdy.

KINGS PRAIRIE.

We are having some real cool nights. It makes two blanket nights. Cool nights and hot sun by day reminds us of old time agree weather. If we have an early frost perhaps it will head off the flies and hoppers.

Every farmer is busy preparing the seed bed for wheat but perhaps it will be the 10th or 15th before sowing will be done by a good many.

F. A. Cornell who shipped a car of Grimes Golden apples to his former home in Minnesota, writes that his car arrived all right and thought he would have no trouble in disposing of them. Everybody wanted a golden pie.

Floyd Carter who had a spell, that kept him in bed for two days is up again. Bessie, who has had a seige of the typhoid for four weeks, is slowly improving.

We notice Emory Smith of R. F. D. 4 has been off and a substitute taking his place on account of the serious illness of his brother.

We hope apple buyers will come in soon to take off the Ben Davis. They are dropping badly.

Dad says he would never go over to the old country and take up a homestead after they are all killed off. He says there won't be a 160 acre but what will include a grave yard and he would be afraid of spooks.

Jake Carter had a fine patch of corn across the road. The corn has disappeared. You see since the last rains there has been 1,500,000 morning glories sprung up and they have been reaching for that corn. Each stock is as large as a nail keg and eight feet tall and in full bloom. He says he knows he planted corn there last spring. He will not gather it this winter as it is well protected.

Sunday school was reorganized last Sunday. The officers were retained. G. E. Stevenson, Supt., C. C. Carter assistant, Miss Tirzah Cornell Secretary—Treasurer; Miss Anna Eldington, organist; Floyd Carter, chorister.

The annual school fair held at the school house last Friday by Prof. Stevenson assisted by pupils and patrons, was highly appreciated by all that attended. While this is a new departure in the public school, there is good reason to believe it will be taken up by other rural districts. The articles displayed and the arranging of the various products showed a fine task, while the drawing on paper with pen and pencil would have done credit to a much higher grade.

He entered the services of the Frisco from the Santa Fe, in February 1913, and was a member of the Elks and the Knights of Columbus.

MISSOURI TO VOTE FIRST REFERENDUM

Fourteen Proposals Up to the State's Voters in Coming November Election

Jefferson City, Sept. 29.—Fourteen different proposals will be submitted to the voters of Missouri at the November election. In each instance a majority of the votes cast at the election will determine the fate of the measure. In this list are four acts of the last legislature which have been referred to a vote of the people under the referendum of the constitution.

This will be the first referendum vote polled in Missouri. There are three proposed constitutional amendments which have been validated by initiative petitions since the legislature adjourned and eight proposed amendments to the constitution which were submitted by the legislature. The list of measures to be voted on is as follows:

First. Making such change in the initiative and referendum provisions as will prohibit submittions of measures calculated to provide different methods of taxation.

Second. Authorizing Kansas City to vote bonds for the purchase of taxation.

Third. Imposing a general tax of 10 cents on the \$100 annually for the improvement of the public highways.

Fourth. Fixing the annual salary of members of the legislature at \$1000. They now receive \$5 a day for the first 70 days of the session, and \$1 a day thereafter.

Fifth. Empowering Kansas City to vote a 5 per cent tax for the construction of subways.

Sixth. Authorizing special elections upon petition of the voters to vote on a special road improvement tax of 65 cents on the \$100 assessed valuation.

Seventh. Authorizing the state or any city to make provision for pensioning deserving blind persons who are citizens of the state.

Eighth. Empowering two thirds of the voters of a city after three weeks notice in at least two newspapers of such city to call a special election to amend their charter.

Ninth. Enacting a "full crew law." It makes a full crew consist of engineer, fireman, conductor and at least two brakemen.

Tenth. The county unit act to amend the local option law.

Eleventh. A home rule excise measure for St. Louis.

Twelfth. A home rule police measure for St. Louis.

Thirteenth. Submitting a proposition requiring a bond is sue of \$50,000,000 by the state for the improvement of the public highways.

"They began an attack on the advanced positions four kilometers (two miles and a half) from the enemy's main line at dawn. In a spurt of fierce flames from sea and land they drove the enemy from his position."

What Would You Do?

There are many times when one man questions another's actions and motives. Men act differently under different circumstances. The question is, what would you do now if you had a severe cold? Could you do better than to take Chamberlain's Cough Remedy? It is highly recommended by people who have used it for years and know its value. Mrs. O. D. Sargent, Peru, Ind., says, "Chamberlain's Cough Remedy is worth its weight in gold and I take pleasure in recommending it." For sale by all dealers.
